Camp Hodia now Taking Registrations for Summer Camp

Nestled in the shadow of Idaho's Sawtooth Mountains, Camp Hodia has been a welcome destination for Idaho children with diabetes for more than three decades.

Registration is now open for the two camp sessions. Teen Camp for children in grades 8 to 12 will be held June 21-28. Kid's Camp for grades 3 to 7 is set for July 26 to Aug. 1.

The camp is open to all children with diabetes. No child will be turned away, and financial support to cover the cost of the camp is available.

To register, or to find out more, visit the camp's Web site at www.hodia.org or call Don Scott at 336-6829.

Camp Hodia was founded in 1978. Idaho Diabetes Youth Programs, Inc. sponsors the camp.

The camp is operated by medical experts in diabetes care and by adults who have diabetes. The focus is on fun and friendship, achievement and adventure while giving children the opportunity to learn more about diabetes and self-management of diabetes.
