ANNOUNCING ST. LUKE'S MOUNTAIN STATES UROLOGY GROUP

Five Treasure Valley Urologists Form New Partnership to Ensure Comprehensive Care

Boise, ID (July, 2006) – St. Luke's Mountain States Urology Group is a recent partnership formed between St. Luke's and five Treasure Valley urologists. With the formation of this medical group, two centers will be created to provide a full scope of urologic health services at two locations: St. Luke's Boise and St. Luke's Meridian. The new centers are expected to begin seeing patients this fall.

Through the formation of this partnership, Treasure Valley residents will maintain access to the most effective therapies for urologic health delivered in state-of-the-art facilities. Mountain States Urology Group will provide a full scope of care for both traditional and minimally invasive surgical procedures.

The five urologists forming this new physician group are Drs. David Crane, William Jones, Avery Seifert, Larry Tansey, and Timothy Welebir.
